

## PRESS RELEASE

# THE POINT POWERS INTO THE UBC

Taren Point Bowling Club known as "The Point" is located in the breeding ground of many International and National sporting stars, the Sutherland Shire in Sydney's South.

The Point's history dates back to 1950 when the club's founders pathed the way for the club's long history of success. In 1956 the club was officially opened and has since played host to a plethora of Regional, State and National fixtures and has been represented by an impressive portfolio of many State, National, International and World Champions.

A well-known club culture has driven the club on an off the greens for many years and this is supported by the Club's Management, its members, and the ever-vocal travelling supporters who can be found greenside at any event The Point is contesting.

New Zealand World Champion Ali Forsyth has been one of the regular forces behind The Point's success over the past decade and is the club's UBC pre-selected player, as a member of 'the family' The Point believes Ali can guide them to success. The Point intends to select players in the draft with links to the club to continue its revered culture.

DS Built will be proudly displayed on The Point's uniform as the team's UBC Partner. DS Built pride themselves on innovation and customer satisfaction, which mirrors the efforts of The Point.

The Point's Bowls Co-Ordinator Chris Green can't wait for April and adding another page in the club's ever-growing history "The Point are always looking to excel at any venture we are a part of whether it is on or off the greens. The UBC is the most exciting and biggest franchise event in the sport, it is groundbreaking for bowls and a great fit for the Point. With Ali as our pre-selected player and an exciting draft early next year we are confident to field a side which boasts players with links to the club and one that can make our club proud."
